

# GRACE PLAHÉ

## FORENSIC SCIENTIST

### SPECIALISMS

- ★ Imagery Analysis
- ★ Tachograph Route Tracing

### CAREER OVERVIEW

Miss Plahé is currently employed by Keith Borer Consultants as a Forensic Scientist specialising in Imagery Analysis and Enhancement.

### EXPERIENCE AND EXPERTISE

Miss Plahé was awarded a Master of Biological Sciences degree with First Class Honours from the University of Leeds.

She has two years of imagery analysis experience from previous employment as a Cellular Biologist, in which imagery, taken on a microscopic level, was examined to determine cell health, cell confluency and monoclonality of colonies in line with Pharmaceutical Production Regulations.

She joined Keith Borer Consultants in 2024 as a Forensic Scientist and specialises in the comparison of people and objects, analysis of events or actions, and post-capture editing and enhancements. Miss Plahé also undertakes report review and critical findings checks for peers in each of these areas. She has completed in house training and competency assessments underpinning the principles of imagery interpretation and analysis and the use of video software in a forensically safe manner.

Miss Plahé has also undertaken training in digital and analogue tachograph analysis and route tracing.
