

Ryan Knight BSc(Hons), MBCS, MIET **Personal Qualifications and Experience**

Mr Knight has a Bachelor of Science degree with First Class Honours in Digital Forensics from Northumbria University. He joined Keith Borer Consultants in 2016 as a digital forensic investigator and specialises in the extraction and examination of electronic digital devices including the examination of mobile telephone equipment and records.

He has examined a variety of electronic devices including smartphones, tablets and feature phones and prepared reports for cases being heard throughout the UK and Ireland.

He performs examinations that include the following:

- Examination and interpretation of evidence from mobile telephone handsets, tablet computers and SIM cards including the recovery of deleted information.
- Social media account examinations such as Facebook, Instagram and Snapchat.
- Extraction and interpretation of information from memory cards including the recovery of deleted information.
- Bespoke testing of handsets to identify capabilities, limitations and operation.
- Forensic consideration of various mobile telephone applications.
- Examination of connection behaviour of mobile telephones.

Mr Knight advises Counsel on a regular basis on the forensic aspects of mobile telephones and applications.

Mr Knight is a Cellebrite Certified Physical Analyst (CCPA). He is a member of the British Computer Society and the Institution of Engineering and Technology.

Keith Borer Consultants operates a Continuous Professional Development Scheme for all staff. Within this scheme Mr Knight undertakes regular training and development in digital forensic evidence, including attending conferences and relevant training courses.
